MILLS CONFESSED TO LOCAL ROBBERIES

Sheriff E. E. Rieker returned last night from Huntington with Jesse Mills, 18, who following his arrest in the West Virginia city the other day confessed to burglarizing the Crescent Jewelry Co. store, the Stewart drug store and the Winkler shoe store in this city, on the night of Aug. 1 last.

The loot secured by Mills valued at more than \$500 and consisting principally of jewelry was recovered and is in possession of the sheriff. The stolen property was located through express receipts issued from the Huntington office and found on Mills when arrested. The receipts covered the shipment of two suit cases containing the stolen goods from Huntington to Columbus and the grips were intercepted before they left the Huntington office.

Mills was locked up at the county jail pending his preliminary hearing.

ASQUITH LAUNCHED PEACE FEELER AUG. 1917

BERLIN, Tuesday, Aug. 12.—(By the Associated Press).—H. H. Asquith, who acted as British premier in December 1916, launched a "peace feeler" in August 1917, according to a letter written by Frau Frieda Perlman, president of the Stuttgart branch of the International Women's League for Peace and Freedom, to the Freiheit. She quotes a letter she received at that time from Junkheer J. O. Joug Van Boek, then secretary of the Dutch Anti-Militarist League, in which he informed her that Mr. Asquith had asked her to put the direct question to the German chancellor, saying that a "good answer would be of tremendous importance."

The letter to Frau Perlman said it was thought that Mr. Asquith was ready for an understanding if the Reichstag should demonstrate its attitude toward the situation "and really possessed power in Germany. The point, it was said, would be carried if the majority of the Reichstag should succeed in bringing about an unequivocal statement regarding Belgium. The letter begged her to do her utmost to induce the Reichstag to issue such a statement."

Frau Perlman states that she took the letter to members of the Reichstag, who promised to present the matter before committees, but she adds: "The leading men of the Reichstag parties were so weak against the government military dictatorship they were guilty of a collapse."

CARMEN IN PITTSBURGH MAY STRIKE

PITTSBURGH, Pa., Aug. 13.—Possibility of resumption of the strike by 2,000 locomotive and conductors of the Pittsburgh Railways Company was forecast today by the announcement by P. J. Ward, business agent of division No. 65, Amalgamated Association of Street and Electric Railway Employees, that the men would not accept the wage increase of five cents an hour awarded yesterday by the national war labor board in New York. The men, who demanded 12 cents an hour advance, suspended their strike more than a month ago, pending submission of their case to the board.

Meetings will be held tonight and tomorrow for the men to decide whether the strike shall be resumed or the five cent award be accepted.

In a statement accepting the award the members of the Pittsburgh Railway Company today predicted another possible increase in fare to meet the \$1,050,000 they say is necessary to cover the five cent wage advance. Fares are now 10 cents cash and seven and one half cents by ticket.

Va., Aug. 12.—Thousands of miners and their families in the Logan, Coal River and Cabin Creek fields, face starvation in the next two or three days and now actually are suffering privations as the result of the freight and passenger stoppage on branch lines of the Chesapeake and Ohio Railroad, caused by the shopmen's strike.

NEGOTIATIONS TO SETTLE IT

SPRINGFIELD, O., Aug. 13.—Negotiations looking to an amicable adjustment of the wage demand of the trainmen of the Ohio Electric Railway Company were under way today, according to James Lantry, special organizer for the Amalgamated Street and Electric Railway Employees of America. Mr. Lantry said that the men's decision to strike if the company would not recede from its refusal to meet their demands was handed to the company's officials yesterday. Mr. Lantry said that the company would be given a reasonable time to recede from its decision. He also said that in the event of a strike order issued that the public would be given a twenty-four hours notice. He refused to state the nature of the negotiations taking place today, but indicated that a more of some kind was being considered which may bring about a settlement between the trainmen and officials.

WASHINGTON, D. C., August 13.—Representative Hodge, Democrat, Alabama, charged in the house today that the National Coal Association had spent \$50,000 for advertising space in 400 newspapers in an effort to make the people buy coal now at exorbitant prices through belief of an impending shortage.

REPUBLICAN TICKET
Mayor—Capt. W. J. Keyes.
President of Council—George Vandervort.
Auditor—J. Earl Chandler.
Solicitor—S. J. Sprague.
Treasurer—Andrew J. Fuller.
Council-at-Large—George M. Osborn, Charles F. Schirrmann, Howard

DEMOCRATIC TICKET
Mayor—William N. Gableman.
President of Council—A. D. Truxel.

Ward Councilmen—

Fourth—Gustave Kleinke.
Municipal Judge—Horace L. Small.

In probably the most quiet primary election ever held in this city, Capt. W. J. Keyes won a sweeping victory over Charles W. Wilson for the Republican nomination for mayor, the former army officer burying his opponent under an avalanche of votes and winning out by the handsome majority of 294. Keyes carried every precinct in the city but 2, which went to Wilson by small majorities.

The vote was extremely light, the total vote cast being approximately 1,200, or about 20 percent of the total vote.

In the race for the nomination for city auditor, J. Earl Chandler, clerk of the probate office, triumphed over his opponents. Capt. W. L. B. Jack and Joseph Maguet, winning out with a plurality of 155 over Maguet, his nearest competitor.

Attorney William H. Sprague was an easy winner for municipal judge, beating Attorney Alex. C. Woodrow for the who with votes to spare. Sprague's majority was 350, and he will be the opponent of Attorney Horace L. Small, who was named by the Democrats without opposition, for the newly created office, in the November election.

The contest for council-at-large proved to be a "hoss" race in which Attorney George M. Osborn proved the best sprinter and dashed out in front, while the other two places were won by Howard Runyan and Charles F. Schirrmann, their vote being a tie, each receiving 457. Ricker was a close fourth with 478, followed by Moore with 462 and Starlin last with 289.

In the races for ward councilmen, Al Weghorst bested Emil Helt by a vote of 163 to 96, and in the Second ward Alra J. Chabot was returned a winner over Charlie Monk by a majority of 119, their vote being 187 to 68, while in the Third ward James Bauer won out by the slender margin of 5 votes over his nearest competitor, William Keller, who received 61 votes to Bauer's 51, and Rhee was last with 32.

There was not a single contest on the Democratic side, and their entire ticket, headed by William N. Gableman for mayor, was nominated without opposition.

Now All You Good Fellows,
Come Fill Up Your Pipes

15c

The Velvet tin
is twice as big
as shown here

If ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature made for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good tobacco, not "put on" like "frosting" on a cake. Its mildness comes from natural ageing, not from having the life baked out. Its fragrance is true tobacco fragrance, not a perfume. And Velvet makes an A Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,
Yo' mouth with friendly smoke—
An' let the old world wag."

CHICAGO GRAIN AND PROVISIONS

CHICAGO, Aug. 13—Uncertainty due to agitation over high cost of living and to railroad strike troubles has brought the corn market nearly to a halt. Opening quotations, which ranged from 3 1/2 off to a like advance, with September 1.91 1/2 to 1.93 and December 1.73 to 1.75, were followed by a slight general decline and then by moderate upticks to above yesterday's finish all around.

The close was unsettled 3 1/2 net lower to 5 1/2 advance, with September 1.91 1/2 to 1.93 and December 1.73 to 1.75.

Oats were dull and about steady. After opening at 3 1/2 decline to 3 1/4, then a slight recovery and then a fair advance.

Provisions were slightly firmer with hogs, trading, however, backed volume.

In the latter trading the market underwent a material setback. Buyers were hard to find.

WORTH SEEING AT THE FAIR
Every farmer should look up this machine. It cut 70 acres of wheat in 31 hours this year on the Ramon Farm.

It will double disk and harrow 28 acres in one day.

Your land is dry and hard now. Horses can't plow because the men can't hold the plow in the ground. This tractor goes along with ease with a gang plow cutting 28 inches wide and 5 inches deep.

This tractor will finish up a land better because it turns in a smaller space. Ridges and ditches don't interfere.

Early plowing grows from 10 to 12 more bushels of wheat than late plowing.

Ask the state agriculture men. This alone will soon pay for a machine that will do the work. Ask the people that saw the one hundred acre test at Columbus, O. who finished first.

WASHINGTON, D. C., August 12.—To secure uniform and efficient administration and enforcement of the prohibition law, congress clearly has the right to define what is intoxicating liquor, the senate judiciary subcommittee held in a formal report filed today on the amended house prohibition enforcement law.

In support of its contention, the subcommittee appended an elaborate brief, understood to have been prepared by counsel for the Anti-Saloon League of America, citing many court decisions and precedents.

Only a few explanations for the changes made in the house bill were contained in the report. In some cases, the report said, the house provisions were regarded as "unnecessarily ambiguous." No reason was cited for adding the provision to permit some manufacture and use of light wines and cider.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise—I have been talking to a young man 21 years of age and I am 16. My father and mother do not care for me talking to him at the house, and when I ask them if I can go out, they let me go and then they will throw it up to me for a week afterwards. Now Dolly I work all the time and am as good to them as I can be. I don't think they treat me right, so please tell me what to do.
BROWN EYES.

You are entirely too young to go out alone with the young man you mention. Have you a girl friend? If so get her mother to let you two girls once in a while, not regularly, have several young boys up for the evening at home, or go to a movie together. Your family is not doing the wise thing when they refuse to let you entertain at home and still allow you to go out with young men. However, you are too young to take matters in your own hands so abide by what your parents say and try to be as sweet and charming as a young person as you can—don't get grumpy because you can't have your own way.

Here is another recipe for corn salad, perhaps it is the one you refer to. Corn Pickle—One dozen ears of corn one head of cabbage, four red peppers, four green peppers, (sweet), ½ gallon of vinegar, 2 cups of sugar, 2 tablespoons of salt, one cup of Coleman's mustard. Chop cabbage and salt; let stand to drain. Chop peppers and cut corn from cob. Cut up, do not chop, four bunches of celery, mix all together stir mustard over all and stir well. Then let come to a boil and seal while hot.

Dear Miss Wise—I am eighteen years old. Don't you think I am old enough to go with the boys?
My reason for writing is to find out how I can become more popular with the boys. They don't seem to like me.

although I try to do as other girls do, I would like to be a movie actress. Do you think a girl can be a nice girl and be an actress?
Yes, you are old enough to go with boys. Your trouble, I believe, is self-consciousness. You think too much of boys and try too hard to be like other girls. You must be yourself and merely an imitation of some one else. Exercise is a very good cure for self-consciousness. Interest yourself in sports and you will forget yourself in the interest of the game you are playing. Of course you must be careful of your appearance. Dress as neatly and decently as you can. If your appearance is tempting there is more chance that you will be well-liked. Some girls of your age are silly. They glaze a lot and sipper. This is not one of your failings. I presume because you seem to take yourself and everything else so seriously. As for going on the stage, it is possible to live that life morally, but

Ethel Clayton's Beautiful Complexion

That splendid actress now appearing under the Paramount banner is famous for her beautiful complexion. Her skin is a perfect model for the use of a simple toilet article called Derma-Lite. There is nothing like it for tan, freckles, blemishes, pimples, sallowness, etc. It takes the place of free powder, stays on better, as perspiration does not affect it, and it instantly beautifies the complexion. One application proves it. If you want a nice, healthy skin with rosy cheeks, get a bottle of Derma-Lite today. It is up-to-date toilet counters, a sure to read large advertisement of Miss Clayton's soon to appear in this paper. It tells how to instantly have a beautiful complexion and a soft, white velvety skin everyone "just loves to touch."

unless a girl has a strong character she has little chance of coming out unspoiled. I would give up the idea of becoming a movie actress, if I were you. There are many other professions which are safer.

Dear Miss Wise—(1) A short time ago I became acquainted with a young man, three years my senior. On the second night he called upon me he kissed me against my wish. Do you think that was proper?
(2) I am nearly eighteen years of age. He has asked me for an engagement for next Saturday night. Am I doing right by allowing him to come?
(3) There is a brick yard in our town and one of my girl friends and I have never been there. Do you think that the boys would think we were chasing them if we went over and looked it over? We have been out with the boys several times.
HPPSIBAIL.

(1) He certainly should not have kissed you. He is the kind of young man who kisses any girl and who is willing that a girl should be kissed by any man. I do not believe in such promiscuousness. Aim higher.
(2) It is all right to let him come if you are satisfied with such a friend.
(3) To go to the brick yard would have the appearance of running after the boys.

Dear Miss Wise—Will you please tell me what will remove tan from neck and arms?
DAILY READER.

Main lemon juice, or lemon juice diluted with water, will remove tan.

News for the Housewife at Preserving Time

Here is a recipe for preserving syrup that will give you finer jams, jellies and preserves—and save you about one-half your trouble.

Instead of all sugar use only one-half sugar and one-half Karo (Red Label). You will find this means clear, firm jelly; rich preserves with heavy syrup; and delicious jams, mellow and "fruity". Karo is a fine, clear syrup, with a natural affinity for the juices of the fruit.

It blends the sugar with the fruit juice—brings out all the "fruity" flavor. Furthermore, it prevents even the richest jam or jelly from "candyng".

It does away with all the uncertainty of preserving, and just about cuts the work in half.

For cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

FREE A copy of the Corn Products Cook Book is all ready to send to you as soon as we receive your name and address. It contains any number of helps to the woman who expects to make preserves, jams or jellies.

Alkali in Shampoo
Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsine coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and lasts anything else all to pieces. You can get this at any drug store, and a few corners will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleans thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

BEAU BRUMMELL who "taught Wales what a coat was like"—inventor of numberless niceties of dress—gambled himself into poverty. Publicly cut by the King, he had his last remaining finery laid out preparatory to seeking a friend who might save him from disgrace. Then, carefully wiping dry the precious blade and affectionately placing it in its case, he turned to Weston with the command: "Now let the rogues in."

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain
How To Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food souring causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisulphated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisulphated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

JOHN NEWLON OF MANSFIELD PAYS A WARM TRIBUTE

Tells His Druggist How Quickly Nervous Health Returned After Suffering From

The improvement was so marked that Nerv-Worth is now a staple in the Newlon medicine chest. Mr. Newlon told Mansfield's Nerv-Worth agent about it:

"I was a pharmacist. My wife was under a severe nervous strain for over five years and, as a result, had become extremely nervous. She took a good many different remedies with very little success until recently we both started to take Nerv-Worth. We both started to feel better. We both took one bottle of Nerv-Worth, and were greatly benefited and can recommend it most highly to anyone. We keep a bottle at all times."

MAYOR HANNAN AN EASY WINNER

HUNTINGTON, August 13.—Tuesday's primary election resulted in the nomination of Mayor A. J. Hannan for another term over W. D. Kelly and John Jones, his Republican opponents. The majority for Hannan was 294, which is considerably more than he had at his last nomination.

In the fight for Auditor Eugene Haggerty displaced City Auditor Percy W. Dean as a Republican nominee by a plurality of 129 in a field of four aspirants.

Per President of Council, Fred Frecka, who relinquished that position to W. D. Kelly, the present incumbent, was again nominated by the Republicans over Frank M. Smith by a

plurality of 157.

In the elections for councilmen, Henry C. Elligrove, D. J. James and L. P. Myers were nominated for councilmen at large, while D. H. Brown defeated L. K. Rogers in the first; James L. Lambert was nominated over L. M. Henry and E. H. Atkinson in the second; J. M. Harvey defeated Chas. Mader in the third and W. H. Rudledge was nominated over J. M. Wilson and Chas. Hughes in the fourth. Both Republican factions are claiming the control of council if the present slate is elected.

In the Democratic contest, T. L. Collett was nominated for mayor, Wayne L. Elkins for city solicitor and Fred G. Leete for council-at-large.

C. & O. SHOPMEN PROBABLY WILL RETURN TO WORK THIS WEEK ALL ALONG THE LINE

HUNTINGTON, August 13.—Striking Chesapeake & Ohio shop men will return to work here within a few days, it was indicated yesterday.

The executive committee on yesterday received an important message from W. C. Holler, general chairman of the blacksmiths, who on Monday was sent to Washington as a special emissary.

This message, it was understood, will be presented to the federated crafts today, and it was expected would have no inconsiderable degree of influence.

The executive committee declined to make public the text of the message in advance of the meeting of shop men, and they would not consent to make an official forecast until action had been taken by the shop men as a body, feeling that any decision to return to work, if such a decision is made, ought to come from the men after the facts had been placed before them.

But no effort was made to conceal the probability of a decision by the men to return to work at an early date.

PROHIBITION OFFICER ASSASSINATED

HUNTINGTON, August 13.—A murder which conforms to all the fiction writers' traditions of the West Virginia hills was committed last night on Hart's Creek, near Logan county, when Will Fawley, state prohibition agent and former deputy sheriff of

Logan county, was shot three times and instantly killed by three hill-men, who battered down the door of Fawley's mountain home.

A posse was organized today at Logan by W. B. Cross and H. T. Simms, of the internal revenue department, who were in Logan county searching for two alleged moonshiners.

MEMBER OF THE ASSOCIATED PRESS
The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or not otherwise credited in this paper and also the local news published herein.

A MATTER OF OPINION

THE state examiner, whose thorough and complete inquiry into the administration of Portsmouth, is to be commended, alike with his intelligent and impartial criticisms, finds the Times has received \$160.50 for official advertising.

According to his view the Times was in good faith in accepting this advertising, but ignorance of the law does not entitle it to claim against the city, though the work was undoubtedly done, as ordered by city officials, and the paper ought to have its pay therefor from some other source than the city.

Advancing a general proposition, we quite agree with the examiner, but we are not altogether right in the specific instance. It is just, of course, that a newspaper should not have a claim against the city for any and all advertising an official thereof might choose to send it, because that would open wide the opportunity to plunder and extortion. So the statutes say what advertising shall be done and all charges should be for that and none other. It may be hard on the proprietors to hire a lawyer to pass upon the responsibility of the city for such official advertising as may be offered it, but better that than the city should pay for that for which it is not liable.

So far, then, being in harmony with the position of the examiner, we question his finding on the law he himself quotes. This law, boiled down, that the proper authorities shall have published in some newspaper legal notices that are of general interest. Well, he finds against the Times because it was paid for notices of assessments on property for paving various streets, holding these assessments were not of general interest. Evidently, the city authorities do not agree with him, for they voluntarily—"The Times never solicits legal advertising"—had the notices printed. Now that the question arises we are inclined to differ from him and agree with them. It is an assumption as fair, as it is common that whenever the legislature delegated to city authorities the province of publishing notices of general interest, it implicitly conferred upon them the power to honestly and reasonably decide what constitutes such notices. Farther than that there is no matter that so concerns the public as street paving, not so many years ago it was general interest as nothing else did, lawsuits innumerable and party success and failure hung upon it. One property owner is interested in knowing what his neighbor pays for paving, the residents on one street are interested in knowing what the residents on another pay for like improvement. If that doesn't make a paving assessment notice of general interest, we can think of nothing right now that can be defined as of general interest.

AS TO PUBLIC FAITH

It is a striking coincidence that the same issue of The Times, which carried the news of the death of Andrew Carnegie, should also print the report of the state examiner on the local Carnegie library.

Carnegie was a cannie Scotchman and, though, he gave away an incredible sum, estimated to be over three hundred and sixty-five million dollars, to philanthropic purposes, he ran therein true to his race and always demanded a consideration therefor. That is the recipient of his benefactions had to perform some service, or to agree to perform certain conditions, before having consideration from him.

It was in this manner that Portsmouth received its library from him; it being stipulated at least a specified sum should be spent in the erection, at least five thousand a year spent in its maintenance and, finally, it should be called the Carnegie library.

The examiner's report is silent as to the first and last of these stipulations, but is a trifle caustic in his comments on the municipality's failure to keep the second. We can fill out for him by saying on a liberal interpretation the first condition was kept and as for the second, the citizenship positively neglects and refuses to substitute Carnegie for Public, when it has occasion to mention the institution.

There is no defense for failure to keep the third provision in the contract except a combination of a chronic lack of funds and a feeling of having the worst end of the bargain. The position of the appropriating bodies evidently is that Mr. Carnegie's library can get along well enough on whatever is allowed it and there is no use to throw money away on it when there are so many other places where it can be thrown away with more satisfaction.

That, to be true, is not an ideal exemplification of public faith, but it is not so very shocking, considering how the public's affairs are conducted. And Carnegie never said anything about it while he was alive, so he is not likely to bother about it now.

THE WISHING PLANE

BY WILLIS WINTER

Jack and Jane had arrived in the little Swiss valley when it was its prettiest—summerland. The little fields were just like bright green oceans. Flowers of all shades, from purest white to bright and dark reds bordered the fields and almost hid the houses. The hay in the meadows was almost ready for cutting. Swiss people are very careful with their meadows, for without the hay the cattle would starve to death over the long, cold winters.

Above the meadowlands on the mountainsides, Jack and Jane saw great forests. They seemed to keep the snow away from the little valleys. "On one side of the woods there is winter and on the other the summer," said Jack as he gazed up the mountain side.

"That's really so," said Captain Brave. "Tourists who come here can remain in the valleys and enjoy nice summer weather, or they can stay at the hotels up on the mountains where

the snow never melts.

Just above the forest, though, the children could see more green pastures. Captain Brave explained to them that these fields were used during the summer as feeding places for cows and sheep. As soon as these fields are green each summer the cattle and sheep are driven up to them and are kept there while the hay on the meadows down below is allowed to ripen and then is harvested for the winter.

"Some day we'll go up to one of the pastures and visit the shepherd who watches over the animals all summer long while they are feeding up there," said Ladydeer.

Jack was interested in the forests, sheep, shepherds and other things, but he was more interested in what Captain Brave had said about coasting places and what skiing was. But you'll have to wait until tomorrow to hear what the captain told him.

There is real winter weather, with coasting and skiing. The snow goes

down the mountainsides and stays there all winter long.

WHO'S WHO IN THE DAY'S NEWS

Countess Naida Torby, daughter of Grand Duke Michael, who was exiled by his nephew, the late Czar, because of his marriage, may visit the United States within a year. She and her sister, Countess Zia Torby, have been living in England with their mother. The family is welcomed at all social functions.

Accounts of the fashionable talk at the various winter and summer resorts on the Continent, in London in the season and in Scotland at hunting time have included the names of Grand Duke Michael and Countess Torby. The tall, slender, black bearded man and the radiant, beautiful blond woman, for whom he was exiled, have been familiar figures in England for the last twenty years.

Their villa in Nice was the scene of the gay semi-royal life that is found along the Riviera in January and February. In the London season they were seen at all the smart balls and dinners, and the week-end parties at their country home were fashionable occasions.

Additional discoveries by Professor Pickering lend weight to the theory that there is human life on Mars—News Item.

I wonder if the Martians have parlor bolshieviks.

Who cheer a rule of bombs and bombs.

And yeggs and jallbirds' tricks.

And have they dress-reformers.

And have they, do you think.

Those pallid souls who can't endure.

That other folk should drink?

I wonder if the Martians can boast an income tax.

Which chops away their hard-earned gold.

With cruel, cruel hacks.

And do they suffer keenly.

From servant girls who stay.

A week at triple what they're worth.

And then steal far away?

I wonder if the Martians must cope with burlesques.

Or folk who wish a softer peace.

Or unrepentant liars?

And if by chance the Martians.

Up there among the stars.

Are free from any of these things.

I'd love to live on Mars.

—Kenneth L. Roberts in Life.

Better Excuse.

"You'd better marry me. Eligible men are scarce."

"I suppose I could offer that as an explanation," said the girl reflectively.

She Wasn't It!

"Are you sending your wife to the seashore this summer?" he was asked.

"No," he replied. "I can't afford it."

"But your wife's tastes are simple. Surely she can stay at the seaside without spending much money?"

"That's all right, but last year while she was away I spent nearly \$60 a week."

OVERWHELMING MAJORITIES FOR CIVIC IMPROVEMENTS

APATHY SHOWN BY VOTERS IN SELECTION OF PARTY NOMINEES

COLUMBUS, O., Aug. 13.—Over-riding majorities in favor of bond issues and the two mill tax levy for school purposes were outstanding features of yesterday's elections held in this district.

Reports are that the vote was light, apathy shown by voters with few exceptions in cities where bond issues or other civic questions were not to be decided at the polls. Indicated that these problems transcended in importance the selection of party nominees.

In Columbus the voters were called upon to decide whether the street railway was to be given the right to increase fares. Citizens rejected the proposal overwhelmingly, together with a grade crossing bond issue. The school bond issue and extra tax levy carried. Scott Weber, president of the Citizens of the Pennsylvania shops, was nominated for councilman.

For the first time in Zanesville's history a woman was chosen a nominee when Miss Kate Buchanan, Republican, was picked as the party's choice for the board of elections.

Socialists apparently made no impression on the outcome of the election in any of the primaries. In Springfield the Socialists were entirely eliminated from the city commission race.

Successful candidates for nomination for mayor and other results of yesterday's primary follow:

Columbus—Five of seven bond issues carried. Henry J. Brunden, Democrat, W. R. Lark, Republican.

Alliance—Charles S. Westover, Republican, and Thomas S. H. Nichols, Democrat. School levy carried.

Piquette—William Ott, Democrat, and Mrs. Carl E. Buerkle, Republican. School levy carried.

Cleveland—\$1,000,000 school bond issue and tax levy carried.

Cincinnati—\$2,500,000 water improvement bond issue carried. Henry Schmitt, Republican, and Herman R. Miller, Democrat.

Chillicothe—Improvement bond issue, totaling \$3,288,000, carried.

Chillicothe—Mayor W. S. Story, Republican, and former Mayor James A. Hill, Democrat.

Findlay—George M. Fitzpatrick, Democrat, and W. Gill Jacobs, Republican.

Greensburg—R. N. Smith, Republican. Nominations had no effect.

Atlanta District Shopmen Call Off Their Strike

CHICAGO, Aug. 13.—Calling off of the Federated Railway Shopmen's strike in the Atlanta, Georgia, district, caused railroad officials today to predict that the entire rail system of the country would be operating at normal within a week.

Reports from various parts of the country showed that striking shopmen were returning to work, pending settlement of their wage demands. In the Chicago district, however, there was no break in the ranks of the strikers.

Officers of the Chicago district council who called the strike against orders of the international officers, claimed today they had been successful in breaking up meetings held by international leaders who sought to induce the men to return to work, pending a settlement of the dispute. A number of trains, which were cancelled several days ago on account of the strike on railroads centering here, were restored today.

Actors' Strike Reaches Chicago

CHICAGO, August 13.—Many Chicago theaters may be "dark" tonight as the result of a meeting of actors' union this morning, at which it was decided a strike started last night and which resulted in the closing of the Cort and Cohan's Grand Theaters should be extended to other houses today in sympathy with the striking actors in New York.

The closing of Cort and Cohan's followed the arrival from New York of Francis Wilson, president of the Equity Association of Actors and Artists. As soon as he had communicated with members of the association in the case at the two play houses, the principals gave notice to the managers that they would not appear in the night performances.

Similar action was averted at the La Salle Theater, by the management hurriedly phoning an orchestra in the pit, rules of the association preventing.

Decided Drop In Shoe Prices Is Predicted

BOSTON, Aug. 13.—Predictions of a decided drop in the price of shoes were made by leather dealers and shoe manufacturers, who testified today at the grand jury investigation of the high cost of living being conducted by District Attorney Joseph C. Pelletier. The consensus of opinion, however, was that the decline might not come for another year. Witnesses said that the people demanded a high grade of shoes and were willing to pay for them.

One leading firm, it was brought out, had millions of dollars worth of cheaper grades of sole leather on hand which manufacturers would not buy because it did not come up to the standard demanded by purchasers of shoes.

Former Gov. William L. Douglas and Edward P. Douglas were among the shoe manufacturers who were heard today. Hollis P. Davis, president of the Massachusetts Retail Dealers' Association, also was interrogated.
